

CISCA EDUCATIONAL FOUNDATION

CISCA has a 501(c)(3) foundation. The purpose of the foundation is to provide studies or reports that are of use/value to trade schools or other educational programs that advance the knowledge of the use and installation of materials dealing with acoustical and specialty ceilings and interior finishes.

The board of directors of CISCA has chosen to use the funds for the development and revision of CISCA technical publications. These documents are of great value to everyone in the industry.

We recognize not every company can contribute large sums of money for the development and revision of publications. Contributing to the foundation is an excellent way for you to contribute to the production of these much needed publications.

The next Industry Marketing Advisory project is being planned. Be a part of this project by making your contribution today. All donations are tax deductible.

Yes, I would like to contribute to the CISCA Educational Foundation

in the amount of \$_____.
