TOPIC: ACOUSTICS IN THE WORKPLACE

The Unika Vaev lunch n learn will feature a quick update on current trends in acoustics in the workplace. Covid will be touched on briefly in order to update everyone on what we expect to see in acoustics for interior environments as people return to the workplace. We will also discuss some of our best selling products in 2020 for wall, ceilings and floors and some preferred install details and mounting methods. Acoustic performance and prices of our solutions will be covered.
